

Pre-Detox Questionnaire

Please complete this form so that I may obtain a clear indication of your current condition.

Name: _____ Date of birth: _____

Street address: _____ City: _____

Postal Code: _____ Email: _____

Cell phone no: _____ Doctor's name: _____

What is your occupation? _____

Where did you hear about me? (e.g. social media - which one? Google search? Flyer? Referral?)

Do you have any electrical implants that require a battery for operation such as a pacemaker, a TENS unit, or cochlear implant, etc.? **Important note:** Metal pins plates, rods or other metallic implants that do not require a battery to serve their purpose are OK. These DO NOT affect ionic detox treatments.

Yes No

Are you an organ transplant recipient?

Yes No

Do you take any kind of rejection medications?

Yes No

Important note: An answer of **yes** to either of these questions disqualifies you as a good candidate for an ionic detox treatment. If you have answered yes to either question, I do not recommend that you continue.

Are you currently pregnant or think you **may** be pregnant?

Yes No

Are you currently breastfeeding?

Yes No

Important note: Use of the ionic detox device is **NOT recommended** for women who are or may be pregnant. Pregnancy disqualifies an individual as a potential candidate for ionic detox treatments until after childbirth and when breastfeeding is complete.

Do you weigh less than 95 pounds? If **yes** then only a 15-minute ionic detox treatment is recommended.

Yes No

Do you have any open wounds or sores on your feet or ankles? **Important note:** Individuals with open wounds or sores on their feet CAN safely use the ionic detox device. However, open wounds or sores will sting for the first 10-minutes as the salt and ionic charge in the water cleans out the wounds or sores. Discomfort during treatment is the only limiting factor with open wounds or sores.

Yes No

Are you at least 12 years of age? **Important note:** The ionic detox device is designed for the adult body. Children’s bodies have a far different physiology than adults and because of these differences we do not recommend use of this machine in children younger than 12 years of age.

Yes No

Disclaimer:

The ionic detox device and corresponding treatment is not intended to treat cure any illness or disease. This is not a medical device. If you experience any discomfort during your ionic detox session, you should stop immediately. Some individuals do not experience benefits from this treatment until after 2 to 3 treatments.

Consent to Receive Treatment:

I, the undersigned, consent to reflexology treatment and understand that sessions are for the purpose of stress reduction and relaxation. I may stop the session at any time, either during the assessment or the treatment. Reflexology Therapists do not diagnose, prescribe medication for medical or psychological conditions, nor treat for specific conditions. I understand that the treatment should not be construed as a substitute for medical examination, diagnosis or treatment and that I should consult a physician or other qualified medical specialist for mental or physical ailments that I am aware of.
